Dear Friends and Breeders,

I would like to welcome you to the 29th Annual Londavra Bull Sale Catalogue. It is a pleasure to invite previous buyers and prospective buyers to view the bulls in the 2023 Sale.

2022 started out as a perfect season with abundant feed, however as the year progressed La Nina kicked in with all her fury and the season turned to a nightmare. As conditions deteriorated by the end of August, it was impossible to feed any hay or silage and the cattle had to survive the best they could. The bulls were weaned in continual rain and the conditions became less than ideal. These conditions did not improve until the end of November which meant the cattle had no spring feed, and we were forced into the position of having to supplementarily feed with grass assured pellets to help bring them up to what they are today. This is the first time ever that we have been in this situation. At scanning time 5th January, the bulls were still in low condition which did not help their results.

The first sons of Circle 8 The Project Pineapple P124 are in this catalogue, his sons show grunt and growth. Their growth figures show they should grow out well.

There is also another quality offering of bulls by Circle 8 RearViewMirror P105 one of the easiest doing bulls we have had, his sons were popular last year.

The sires used in the AI programme were Baldrige Beast Mode B074 and Musgrave 316 Stunner used over some mature cows, and the two low birthweight sires over heifers were Chiltern Park Moe and Baldrige 38 Special. These sires have given variety to the offering.

Due to the wet winter and no spring, for the first time ever, our commercial steers were sold in one lot as stores averaging 330kg.

Buyers of store cattle need the confidence that cattle they purchase will grow out into the heavy weights to assure them a profitable margin. Calves sired by Londavra bulls have the ability to achieve heavy weights.

Londavra's aim has always been to produce bulls that grow out remembering that weight pays. We again emphasise that **size and weight pays**. We believe the bulls offered in this catalogue will fit all beef enterprises.

We are again selling under the Auction system, but are not on Auction-Plus this year. Phone bidding will be available.

Regards

David Young

DISCLAIMER AND PRIVACY INFORMATION

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.
