

ANGUS

Spring Update 2024

Welcome to Agri-Gene's 2024 Angus Spring Update which contains our Spring Semen Specials for some of our more popular Angus sires and acts as a supplementary to our main Autumn Angus Sire Directory.

NEW RELEASE SIRES FOR SPRING 2024

TAIMATE ROY R38 is a new release New Zealand sire for Spring 2024. He was initially selected by a syndicate of astute Australian breeders back in 2022. His first sons will sell in Australia this Spring and his semen can now be offered on the open market for the first time from the 1st of September which has been highly anticipated.

Roy's Dam is undoubtedly one of the premier brood cows in New Zealand, she has already had sons enter registered breeding programs by multiple sires, selling for \$30,000 to \$54,000 and continues to breed as a strong rising 9-year-old.

Dam: TAIMATE 1506

RENNYLEA T17 is a new release sire to the Agri-Gene line-up who is a son of Moogenilla Quinella Q33 and maternal brother to Rennylea L519. Quinella Q33 sons have been highly sought after at recent sales showing heavy muscling, ample capacity with depth of flank and strong spine, this has been recognised recently where he topped the Booragul Bull sale at \$75,000.

As an individual T17 is very sound footed with great heel depth; having scored straight 5's for feet and legs. He is free-moving, has a great disposition, slick skinned with ample shape. However, perhaps the most impressive thing about T17 may be the maternal strength that his pedigree brings. His Dam has been one of the most productive cows at Rennylea with over 150 registered progeny, so far 45 sons have sold for a gross of \$560,000 and averaged \$12,444.

The next Dam C310 was active in the Rennylea herd until 15 years of age with near-perfect feet & udder confirmation.

ANGUS Spring Update 2024

ALBERT OF STERN

ALBERT OF STERN, New Zealand's record-breaking sire has sold up to twenty-eight sons across Stern and Tangihau sales with a sale average of \$28,000. Breeding very consistent deep ribbed, thick and very good-footed bulls that have dominated the 2024 sale season.

Get in quick this Spring, limited stock available.

STERLING PACIFIC 904, NO.1 USA SIRE FOR MOST RECORDED PROGENY IN AUSTRALIA OVER THE PAST 2 YEARS.

STERLING PACIFIC continues to top bull sales across Australia and we are consistently getting outstanding reports from the first PACIFIC daughters that are starting to calve.

PACIFIC's popularity has seen him become the Number 1 USA sire for most recorded progeny in Australia over the past 2 years.

Agri-gene sires have dominated this list with 5 of the top 10 sires for most recorded progeny from the most recent Angus Australia sire summary. The other Agri-Gene sires in the top 10 are Murdeduke Quarterback Q011, Moogenilla Quinella Q33, Clunie Range Plantation P392, and the ever reliable Chiltern Park Moe M6.

Murdeduke Quarterback Q011:
No. 3 sire for recorded progeny.

Moogenilla Quinella Q33:
No. 4 sire for recorded progeny.

Chiltern Park Moe M6:
No. 5 sire for recorded progeny.

Clunie Range Plantation P392:
No. 10 sire for recorded progeny.

Simon Quilty, Global AgriTrends

"The increase in the pricing of Angus cattle depends on demand and supply. We are likely to move from a supply-driven market over the last two years to a demand-driven market in the next few months, and with that, I expect Angus's prices to move higher."

STOKMAN SOLUTION S329

Reg Aust FAM21S329

Sire: SITZ RESILIENT 10208

MGS: STORTH OAKS K16

\$60

- ▶ As progeny reports roll in on SOLUTION, we can confirm he is a rock-solid heifer bull with all the things we expect from a New Zealand Sire; sound and thick with the added bonus of carcass performance.
- ▶ SOLUTION offers unlimited mating flexibility in terms of both pedigree and type, with minus birth weight, low mature cow weight, and positive fat he is the solution for most breeding programs.

MILLAH MURRAH SUNSTRUCK S207

Reg Aust NMM21S207

Sire: MILLAH MURRAH NECTAR N334

MGS: MILLAH MURRAH KLOONEY K42

\$55

- ▶ SUNSTRUCK is a complete outcross to USA genetics he combines the cream of Australian and New Zealand genetics from the very best maternal lines at Millah Murrah.
- ▶ On the maternal side is Flower N30 who is the highest valued female in Australian Angus history and acknowledged by Ross Thompson as one of the best cows to come out of Millah Murrah in 50 years.
- ▶ On the paternal side Nectar's dam Prue H113 who was the first Australian Angus cows to produce 3 sons at \$40,000 or better. Nectar himself has gone on to achieve many sale highlights including sons selling to \$160,000 at Millah Murrah.

STONEY POINT SPECTACULAR S026

Reg Aust SYA21S026

Sire: SYDGEN ENHANCE

MGS: WATTLETOP FRANKLIN G188

\$28

- ▶ A true balanced performer that can not be ignored, SPECTACULAR is the triple threat of Angus AI sires with Presence, Performance and Phenotype.
- ▶ An exceptional individual upon inspection with shape, frame and a slick coat, under the hide is where he really outperforms the competition with unmatched genetic merit from mid birth, elite growth, relevant EMA with good fat and high IMF, add sound feet, and docility.
- ▶ As progeny are weaned and data submitted, we see him hold steady proving he is the sire we have back all the way along, reports on calves from producers is positive with many reporting they are the pick of the drop from a type perspective.

MURDEDUKE QUARTERBACK Q011

Reg Aust CSWQ011

Sire: LAWSONS MOMENTOUS M518
MGS: CARABAR DOCKLANDS D62

\$25

- ▶▶ QUARTERBACK has amassed over 4000 progeny to date, more than double of any other Angus sire born in 2019.
- ▶▶ The proven performer nails IMF, positive fat, calving ease and docility all the while maintaining the maternal integrity of your herd as he is backed by generations of productive females proving their longevity and soundness in tough times.

LANDFALL SUMMIT S1944

Reg Aust TFA21S1944

Sire: RENNYLEA L519
MGS: V A R DISCOVERY 2240

\$35

- ▶▶ SUMMIT represents off the cliff performance from birth to growth and adding carcase merit while keeping the fundamentals of feet and temperament in check.
- ▶▶ On inspection you can really admire his muscle shape and freedom of movement. Use SUMMIT to increase across the board performance for heifers or cows with the added bonus of improving foot structure.

MOOGENILLA QUINELLA Q33

Reg Aust BWFQ33

Sire: G A R FAIL SAFE
MGS: EF COMPLEMENT 8088

\$32

- ▶▶ The sire of sons.
- ▶▶ As the sale season rolls on QUINELLA adds another sale topper to his repertoire weekly. These sons have gone on to stud duties across the country. Q33 offspring are thick and early to mature with eye appeal and length. With over 130 progeny recorded for foot structure we see him sit on the better side of 50% for claw and foot angle.
- ▶▶ There is limited semen available with his passing earlier this year, we expect to be out of stock by the end of Spring 2024, If you miss out on a chance to secure, we have added a son Rennylea T17!

MOHNEN HOLLYWOOD

Reg Aust USA20372520
 Sire: MOHNEN BANDOLIER
 MGS: HOOVER NO DOUBT

\$50

- ▶▶ The big hipped, soft made Lot 1 from the 2022 Mohnen Bull sale where he topped at \$125,000 USD brings a unique opportunity to Australian Cattle breeders.
- ▶▶ We have the last remaining stock of HOLLYWOOD as he sustained a testicular injury in the harsh American winter and has yet to recover.
- ▶▶ Visitors to Mohnen this year returned to Australia and purchased semen after the impression left by HOLLYWOOD progeny, reports indicate they have mass, dimension with added frame and a 'buy me' look you can't go past.

PARINGA STATESMAN S115

Reg Aust HKF21S115

Sire: KNOWLA NOBLEMAN N127

MGS: JAROBEE MOUNTANEER M166

- ▶▶ The customer satisfaction sire while still new to the market; we are already receiving phone calls from repeat customers placing orders for a second year.
- ▶▶ STATESMAN has received excellent feedback on getting cows/heifers in calf with no fuss calving ease! The high demand for S115 has us in short supply for the Spring already so get your orders in early.
- ▶▶ Statesman is a long free moving sire on sound feet and exceptional carcass both on paper and when you stand behind him. His positive fat is also represented when we see this bull come back in from work; he pours the weight back on.
